

Scientist/Senior Scientist, *in vivo* – Tumor Biology

Company Overview:

Vividion is a privately held biotechnology company based in San Diego that is leveraging an innovative and proprietary chemical proteomics platform to efficiently discover novel drugs in multiple areas including oncology and immunology. We aim to transform the future of human health through the limitless creation of highly selective small molecule medicines that reach unreachable targets. As an early stage startup company, Vividion is looking for energetic and experienced candidates with a desire to work in a fast-paced and dynamic team environment. We believe that the whole team contributes to the overall mission. We succeed as a team, and we grow as a team.

Job Summary:

The successful candidate will design, plan, and support *in vivo* studies in conjunction with the pharmacology group to nominate compounds for further development. They should have extensive hands on experience in developing and running *in vivo* tumor efficacy models in rodents. They will utilize new technology to support drug development at the pre-clinical level. They will be asked to interpret experimental results and present work at company meetings.

Education and Experience requirements:

- PhD with a minimum of 3 years of experience in Pharmacology, Biology, or related discipline (e.g., DVM) in a biotech/industrial setting
- Expertise in standard dosing techniques in rodents (e.g., PO, IP, SC, IV), blood collection techniques (e.g., retro-orbital, cardiac puncture), and standard necropsy of major organs
- Experience with oncology models is required
- Experience ensuring quality control and accurate analysis of data provided by CROs
- Experience in planning and conducting *in vivo* IND-enabling studies is preferred

Required Key Attributes:

- Strong communication skills as evidenced in public presentations and peer-reviewed literature
- Effective troubleshooting and problem-solving skills
- Be an effective team player and strong individual contributor, flexible, and able to handle multiple tasks and deliver high quality results under tight timelines

Further Information:

In addition to a competitive compensation package with stock options, Vividion also offers a comprehensive benefits package for our employees and their families, which includes medical, dental, vision, life, disability insurance. For consideration, please submit your resume and cover letter in PDF format referencing job SITB2020.02.26 to careers@vividion.com. Vividion Therapeutics, Inc. is an EEO employer.
